When a protest is filed prior to award, a contract may not be awarded unless determined by C/PCM that:

1. the goods or services are urgently required,
2. delivery or performance would unduly be delayed in failure to award promptly, and
3. a prompt award would be in the best interest of WMO.

When a protest is filed after award, the C/PCM shall immediately suspend performance pending resolution of the protest, unless continued performance is justified. The C/PCM may authorize contract performance, notwithstanding the protest, upon a finding that:

1. contract performance would be in the best interest of WMO, and/or
2. urgent and compelling circumstances which significantly affect the interests of WMO do not permit delay for a decision.

Notes:

Any incomplete protest received by WMO will not be entertained.
All information will be treated in confidence.
