

Building Secure Water Control Systems

Virtual conference on Water and Cyber Security
18-Nov-2020

Dr. Sara Bitan

CyCloak Ltd.
Technion, Hiroshi Fujiwara
Cyber Security Research Center

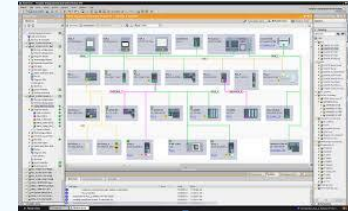

Water Control Systems

PLC - Programmable Logic Controller

- The core of the water CS
- A bridge between the virtual and the kinetic worlds
- The attacker's sweet spot

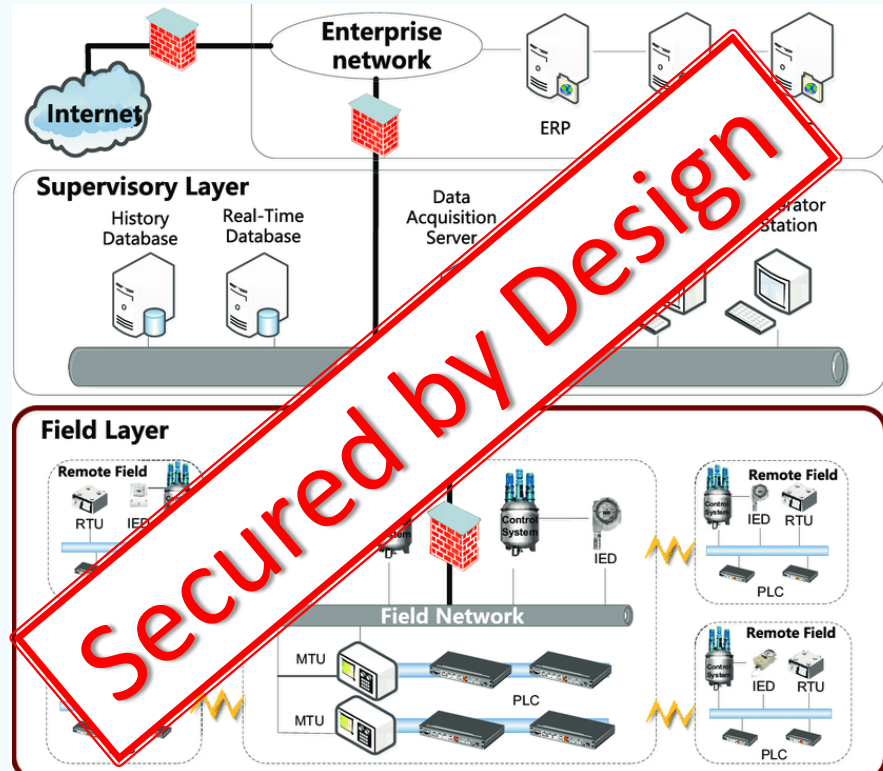

Build... then Secure & Protect

Water Control System

Build Securely

8/20/20

Thank you
