

Erratum regarding previous published articles

Owing to a Publisher error Declaration/Conflict of Interest statements were not included in the published versions of the following articles, that appeared in previous issues of *Progress in disaster science*.

The appropriate Declaration/Conflict of Interest statements, provided by the Authors, are included below.

1. Advances in Natech Research: An Overview.

Volume 1, May 2019, 100013

<https://doi.org/10.1016/j.pdisas.2019.100013>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

2. Risk Informed and Resilient Development: Engaging the Private Sector in the Era of the Sendai Framework.

Volume 2, July 2019, 100020

<https://doi.org/10.1016/j.pdisas.2019.100020>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

3. Wildfire Management in Canada: Review, challenges and opportunities.

Volume 5, January 2020, 100045

<https://doi.org/10.1016/j.pdisas.2019.100045>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

4 Optimizing Food-Energy-Water (Few) Nexus to Foster Collective Resilience in Urban-Rural Systems.

Volume 1, May 2019, 100005

<https://doi.org/10.1016/j.pdisas.2019.100005>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

5. Book Review.

Volume 2, July 2019, 100031

<https://doi.org/10.1016/j.pdisas.2019.100031>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

6. “Build Back Better” Approach to Disaster Recovery: Research Trends since 2006,

Volume 1, May 2019, 100003

<https://doi.org/10.1016/j.pdisas.2019.100003>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

7. Extent and evaluation of vulnerability for Disaster Risk Reduction of Urban Nuku'alofa, Tonga.

Volume 2, July 2019, 100017

<https://doi.org/10.1016/j.pdisas.2019.100017>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

8. Utilizing HAZUS and PACER SURGE to Map and Characterize Hospitals in Illinois within the New Madrid Seismic Zone.

Volume 4, December 2019, 100048

<https://doi.org/10.1016/j.pdisas.2019.100048>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

9. Are we there yet? The transition from response to recovery for the COVID-19 pandemic.

Volume 7, October 2020, 100102

<https://doi.org/10.1016/j.pdisas.2020.100102>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

10. Climate resilience in Paris: a network representation of online strategic documents released by public authorities.

Volume 3, October 2019, 100040

<https://doi.org/10.1016/j.pdisas.2019.100040>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

11. Importance of long-term earthquake, tsunami and tropical cyclone data for disaster risk reduction in Bangladesh.

Volume 2, July 2019, 100019

<https://doi.org/10.1016/j.pdisas.2019.100019>

Conflict of Interest: The Authors wish to confirm that there are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome.

12. Benefits of Economic Assessment of Cyclone Early Warning Systems - A Case Study on Cyclone Evan in Samoa.

Volume 2, July 2019, 100034

<https://doi.org/10.1016/j.pdisas.2019.100034>

13. Achieving the reduction of disaster risk by better predicting impacts of El Niño and La Niña.

Volume 2, July 2019, 100022

<https://doi.org/10.1016/j.pdisas.2019.100022>

14. Disaster Risk Assessment: The Experience of the City of Rio De Janeiro in Developing an Impact Scale for Meteorological-Related Disasters.

Volume 5, January 2020, 100053

<https://doi.org/10.1016/j.pdisas.2019.100053>
