Overview of Project Portfolio as of December 2018

7th CREWS Steering Committee Meeting
6 December 2018
Marriott Hotel,
Katowice, Poland
Overall Portfolio Status

Progress on CREWS outputs

Showing early results

Pipeline projects, proposed investments
Overall Portfolio Status

February 2017
- Burkina Faso
  - EW Conference
- Mali
- Pacific

June 2017
- DRC
- Niger
  - Lessons Learnt

November 2017
- PNG

June 2018
- Caribbean Regional Initiative
- West Africa Regional Initiative

8 345 650

14 175 650

16 141 650

23 476 205

Initiative completed
Progress on CREWS outputs

1. NMHS’s service delivery improved

2. Risk information to guide early warning

3. Information and communication technology, including common alerting protocols

4. Preparedness and response operational procedures with early warning dissemination processes

5. Knowledge products and awareness programmes on early warnings

6. Gender-sensitive training, capacity building programmes provided
## Showing early results against CREWS values

### CARIBBEAN: Builds on regional context and needs. The post-disaster early warning assessment identified priority investment opportunities.

- Building on regional context and needs.
- Identifying high-risk populations living in flood-prone neighbourhoods.

### NIGER: Builds on existing work and supported by WB Urban Development project. It is actively identifying high risk populations living in flood-prone neighbourhoods of Niamey.

- Building on existing work.
- Supported by WB Urban Development project.
- Actively identifying high-risk populations.

### PACIFIC: Developing an impact-based coastal inundation forecast in Fiji with similar systems planned for Kiribati and Tuvalu.

- Developing a forecast system.
- Planning similar systems for Kiribati and Tuvalu.
